

LWVILEF Deputy Registrar Policy

The League of Women Voters of Illinois Education Fund is a bonafide State civic organization, certified by the Illinois State Board of Elections. Officials or their designees of bonafide state civic organizations as certified by the State Board of Elections may request appointment to be deputy registrars.

Local Leagues seeking to have members appointed as deputy registrars must submit a request in writing to the appropriate election authority, providing the name, address and phone number of each person being appointed.

Although different election authorities may have different rules concerning who may be considered "officials or their designees," the League of Women Voter of Illinois Education Fund **only recognizes League members** as fitting this description.

Deputy registrars may be removed for cause and all the following:

- * Failure to attend training session
- * No longer affiliated with sponsoring group
- * Suspension of registrar's own registration
- * Moved out of the jurisdiction
- * Knowingly furnishing false information
- * Repeated failure to properly execute registration forms such as:
 - Failure to complete forms legibly and completely
 - Failure, through negligence, to obtain correct information
 - Failure to submit forms when they are due

These regulations, among others, may be found at:
